The Floor Tile range by Signova Tiles is the epitome of elegance in surface covering options. The Floor Tiles are offered in a variety of awe-inspiring designs that can take your breath away. Each design of this range was developed after in-depth R&D, making them the perfect fit for your floor. Floor Tiles are available in a number of functional sizes such as 600x600mm, 600x1200mm etc.

This collection comes in size 600 x 600 mm which further enables to create mix and match combinations of your choice. With its unique combination of design, flexibility and granite like quality, Digital Parking Tile Collection is truly one of the most superior tiles available today for all types of exterior flooring installations.

OUR BRAND STORY

SIGNOVA has climbed the ladder, striving and struggling to revolutionise in the tile sector. For about a decade and a half, Signova has lit the path, propagating the style of the new-age of tile. Apart from the innovative futuristic attitude, credit also goes to the rich collection that Signova has brought to the table. There's a material grade, design and colour shade for every taste. Digital Tiles is the most spectacular range because of the extraordinary designs- designs that are unique, eye-catching and breathtaking. The digital GVT collection has been the most sought after range in recent times.

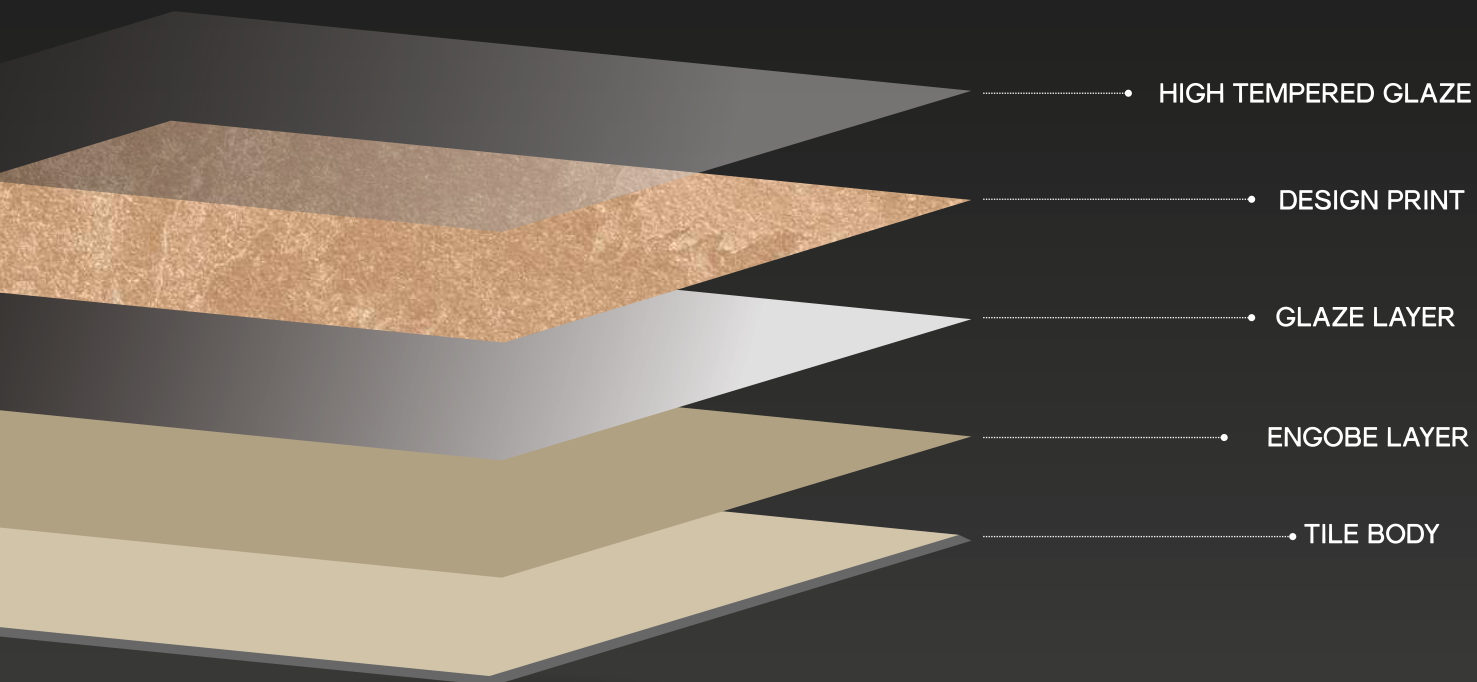

Some other collections are: Anti-skid tiles, Industrial & High traffic (Pavement) Tiles, Anti-static Tiles, Heat Resistant Insulation Tiles, etc.

Over the years, Signova has mastered and perfected the science of ceramic engineering and dazzled floors across the globe.
